

Target cadtmp-probe-lis

No malicious behavior observed

We ran it 8 times, with a normal setup, CAD_CONCISE=1 set, CAD_DWG_DXF_FALLBACK=1 set, LC_MESSAGES set and CAD_CONCISE and CAD_MEM_LIMIT_MB and CAD_PYTHON and LC_MESSAGES set. It made no network connections. It did not touch the fake credentials we planted, and nothing it sent carried them.
